

# VITA Sentation **NAP SPACER**

## Features

### 1. Smart bed frame

The power nap bed can be folded horizontally with one hand movement. The mechanically folding legs adjust automatically as soon as the bed is folded and unfolded.

### 2. WetCare mattress

The high-quality FPS mattress is equipped with special Wetcare upholstery.

The mattress feels like fabric, is antibacterial, water-repellent and flame-retardant.

The mattress is provided with sturdy Velcro connections and is therefore stable on the bed frame in any position.

### 3. Manual control

The FPS relaxation technology is easy to operate using the hand control.

### 4. Solid construction

The steel bed frame is very solid and the power nap bed is suitable for every posture.

### 5. Relaxation technology

The power nap bed has built-in FPS relaxation technology as standard.

VITA Sentation®
